

Warrant Scam

The Court has been advised that a phone scam is being perpetrated against citizens of the State of Oklahoma. The scam begins with a phone call advising a person that an arrest warrant has been issued because the person failed to show for jury duty in federal court and to clear the warrant the person needs to buy prepaid credit or PayPal cards. The call allegedly comes from the Oklahoma County Sheriff's Department. The Sheriff's Department has issued a warning about this scam and advises residents to write down the phone number of the caller and call 911 immediately if you are contacted. In addition, if you receive one of these calls, please contact the Court Clerk's Office at 405-609-5555. Do not engage with the caller or give the caller any of your personal information including your telephone number.
